

BR 30/4 C & 30/4 C Adv

Professional small area scrubber drier, revolutionizing floor hygiene.

KÄRCHER's new BR 30/4 C scrubber drier eliminates the hassle and safety risks associated with floor mopping in public areas. As easy to use as an upright vacuum cleaner, the BR 30/4 thoroughly cleans and dries floors in a single pass, and can also be used for deep cleaning. Using a BR 30/4 C is faster, easier, more hygienic and safer for operators and public than mopping, leaving floors instantly clean, safe and usable.

The BR 30/4 C is designed to be safe and hygienic for operators. Its four litre clean and dirty water tanks are fully removable and easy to clean and refill, while the roller brush and squeegees can be removed and replaced without tools. The machine's exceptionally low cleaning head height (only 7cm) makes cleaning under furniture easy, while the vacuum can be switched off to enable initial scrub and detergent lay for deeper cleaning.

Operator Safety and Ease of Training

- Hygienic - no direct contact with dirty water
- No gloves or protective equipment required
- Easy to transport
- As easy to operate as a vacuum cleaner

Public Safety

- Instant drying - no wet floor hazard
- Instant drying - no time for wet floor to become dirty again while drying

High performance

- Continuous use of clean water - no reusing of dirty mop bucket water
- Continuous brush pressure and high brush speed ensure a fast and even finish
- Floor is instantly usable
- High suction power leaves floors clean and dry in a single pass
- Vacuum-off facility for deep scrubbing
- Easy access under furniture and low objects
- Wander hose with brush attachment for vacuuming corners and hard to reach areas (Adv model only)
- Additional micro-fibre roller pad for cleaning of fine surface finishes (Adv model only)

Easy Maintenance

- Fresh and dirty water tanks are easy to remove and clean
- Key components such as roller brush, water distribution channel and suction squeegees are easy to clean and replace without the need for tools
- The suction hose is easy to clean from the specially designed access point
