

## BRC 50/70 W

### Deep restorative cleaning and interim cleaning for large carpets.

The BRC 50/70 W offers high performance deep and interim cleaning for large carpet areas. With 36v, maintenance-free gel batteries, the 50/70 can operate for several hours at a time, making light work of large areas of carpet. As well as giving superb deep cleaning results in a single pass, the 45/45 can be used for interim two-stage cleaning, providing fast, efficient cleaning of carpets, with very short drying times. Using KÄRCHER's iCapsol detergent, medium-large area carpets can be cleaned and ready for vacuuming within 20 minutes.

- iCapsol interim cleaning process has the carpet ready for traffic in 20 minutes.
- Twin chemical tanks with DOSE system for quick change from iCapsol to deep clean.
- Duel 50cm contra rotating brushes agitate carpets for a thorough clean.
- Floating brush system provides consistent brush contact, even on uneven surfaces.
- Fast changing of brushes without the use of tools.
- Float switch in the wastewater tank protects the vacuum motor.
- The water stops as soon as the accelerator is released, protecting carpets from flooding.
- Battery driven, ideal for cleaning of large areas.
- Floor and hand tool available for spot cleaning and upholstery cleaning (optional accessory).

## Technical data

## BRC 50/70 W
