

Mobile cold water pressure washer - HD 5/11 C

Compact class - Convenient, manoeuvrable, versatile

Kärcher's compact high-pressure cleaner features an upright space-saving design, low weight and high cleaning efficiency.

The HD 5/11 C is a true all rounder for fast and thorough cleaning jobs on the farm, in the workshop, for company fleets and machinery.

With a retractable handle, not only can users benefit from adjusting the height to suit their requirements, but also can collapse the handle for space saving storage.

Mobile cold water pressure washer - HD 5/11 C

Technical Specification

HD 5/11 C	
Motor type (Volt)	240
Pump pressure (bar)	110
Water flow rate (l/h)	500
Hose length (m)	10.0
Weight (kg)	19

Optimum Performance:

The 3-piston axial pump with hardened stainless steel pistons guarantees optimum efficiency as well as a smooth and quiet operation.

Anti Twist System:

The high pressure hose pivots in the trigger gun, thus preventing irritating twisting of the hose.

Long Service Life:

The brass cylinder head ensures excellent resistance to detergents and a prolonged service.

Detergent Facility:

The unit is also equipped with a chemical metering valve to increase and decrease quantities of detergent used.
