Stationary high pressure washer - HD 6/16, 9/16, 13/12 ST

Technical Specification

	HD 6/16 ST	HD 9/16 ST	HD 13/12 ST
Motor type (Volt)	Electric - 420	Electric - 420	Electric - 420
Pump pressure (mbar)	30-160	30-160	30-120
Water flow rate (l/h)	380-650	550-900	600-1300
Hose length (m)	10	10	10
Weight (kg)	60	60	60

The vertically mounted pump ensure that the units size is kept to a minimum, providing great space saving results, and the frames design allows for accessories to be stored neatly.

Vibration dampers are fitted to avoid disrupting pulsations in the tube system.

The use of detergent is easily regulated by the adjustable valve.

All these units are supplied with a 10m high pressure hose, trigger gun with spray lance and innovative 'touchless changeover' triple nozzle.
