Hot water high pressure washer - HDS 551 C

Technical Specification

HDS 551 C	
Motor type (Volt)	240
Pump pressure (mbar)	120
Water flow rate (l/h)	530
Hose length (m)	10.0
Weight (kg)	84.0

Durable and reliable:

Chassis is made of spun moulded plastic which offers the advantage of no corrosion, reduced noise level as well as a tough, impact resistant low weight casing.

No problem with spillages:

Fuel and detergent tanks are integrated in the chassis wall to eliminate need for connecting hoses.

Brass cylinder head for longlife operation and corrosion free detergent use.
