

**PANEL MOUNTED SOAP SYSTEM**

Ideal for large, high traffic washrooms with a row of washbasins, for fast efficient soap replenishment.

The panel mounted soap dispensers can be fed by a 6 litre recessed/wall mounted stainless steel soap tank or a 5 litre plastic container, that can be situated above or below the vanity top, as illustrated below.

**CAPACITY**

5 litre tank - approx. 6000 hand washes.

6 litre tank - approx. 7000 hand washes.

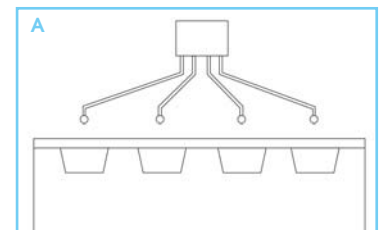

**1 PANEL MOUNTED SOAP DISPENSER**

Compatible with any feeding system.

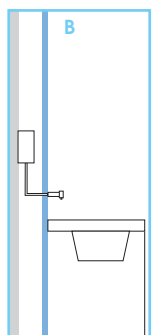

1 Bright

**A** Diagram showing system complete with maximum 4 dispensers.
