

SV8000

Steam - Vacuum

The SV8000 is a commercial/industrial 8 bar pressure steam cleaning machine made from a stainless steel construction featuring a continuous fill boiler system allowing refill at any time during operation. It comes complete with an integral vacuum system that has been awarded a Clean Show Innovation Award for its unique design. High temperature steam penetrates deep into surfaces sanitising and killing bacteria in a wide variety of commercial environments and the integral vacuum ensures surfaces are left clean & dry.

SV8000

Technical Specification

SV8000 Specification

Dimensions

Height [cm]	58
Height with handle [cm]	82
Depth [cm]	55
Depth with handle and basket [cm]	77
Width [cm]	40
Weight [kg]	25

Functions

Steam [bar]	8
Detergent	no
Vacuum	yes

Capacities [litres]

Water tank	5
Detergent tank	no
Vacuum tank	12
Boiler	3.3

Wattage

Vacuum motor [W]	850
Boiler [W]	3000 (2000 + 1000)
Nominal input power [W]	3000

Other

Supply voltage [V]	240
Cord length [m]	10

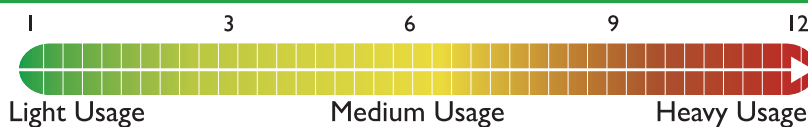

Indicators

Steam pressure (boiler)	no
Steam Temperature (boiler)	digital
Boiler ON	indication LED
Steam ready	indication LED
Refill watter	indication LED & beeper
Vacuum ON	indication LED
Refill detergent	no

Controls

Main switch	on machine body
Mode switch	no
Steam trigger	on hose handle
Detergent trigger	no
Vacuum trigger	on hose handle
Steam regulator	no
Detergent regulator	no

Maximum continuous hours of usage per 12hrs

Accessories Included

- 4m steam, vac & detergent hose
- 2 x extension tubes
- 250mm glass washer
- 5 x round nylon brushes
- 5 x round brass brushes
- Upholstery tool
- 400mm floor brush nozzle
- 400mm floor brush insert
- 400mm squeegee insert
- 400mm carpet insert
- 150mm steam & vac nozzle
- 150mm steam & vac brush
- 150mm steam & vac squeegee
- Short steam lance
- Crevice tool
- Long steam lance
- Service kit
