

Scrubber driers - BR / BD 55-60

Outstanding scrubber drier with pre-sweep function

Wet and gel battery option.

The innovative BR 55-60 brush head incorporates a built-in pre-sweeping function (BR Version only). Two facing contra rotating roller brushes throw coarse and loose dirt overhead into a debris container in the scrubber head. The unit is equipped with a traction motor for greater operator comfort and is powered by maintenance free gel batteries and is fitted with an on-board battery charger. Charging is achieved by simply plugging into a standard mains supply.

Ideal for use on all hard and resilient floors, thanks to its compact dimensions and easy handling, this scrubber drier is exceptionally well suited for use in busy pedestrian areas.
