

CRQ370-2

There is, within many specialized operations, the need for a compact vacuum cleaner that can meet the Clean Room Class 100 specification.

In developing the CRQ370 machine we have taken full account of the high filtration requirements whilst, at the same time, ensuring that the machine itself is, in every way, as convenient and user friendly as a standard model.

The 5-stage HEPA filtration design provides a certified operational performance of 100% down to a particle size of 0.1um without loss of power or performance.

The standard accessory kit supplied is complete for normal cleaning operation, but there is also a wide range of specialised tools and accessories should they be required for special uses.

Motor	Power	Airflow	Suction	Capacity	Range	Weight	Dimensions
1200W	230V AC 50/60Hz	45 L/sec	2600mm	12L	26.8m	9.3Kg	355 x 355 x 485mm

Also available 115V/120V specification.
