

Cold water pressure washer - HD 1040 Cage

Petrol driven heavy duty pressure washer developed for tough professional applications.

11.0 HP Honda petrol engine.

This powerful high pressure cleaner is designed to meet the many requirements of professional users. Powered by an 11.0 HP Honda petrol engine the HD 1040 is built on a sturdy tubular steel frame for maximum stability and low vibrations.

The caged version completely protects all components in rough operating conditions, and the frame is designed to make it suitable for mechanical handling by a crane.
