Compressed Air Powered Dry and
Wet & Dry Vacuum Cleaners

KAV 15-45 & KAV 18-45 W/D

Compressed Air Powered Dry and Wet & Dry Vacuum Cleaners

This range of Industrial Vacuum Cleaners is available in Dry Pick Up only versions or Wet & Dry versions that can be converted to pick up either dry dust and debris or non-flammable liquids. All models are suitable for use in Gas Zone 2 and Dust Zone 22. Upgraded models suitable for Gas Zone 1 and Dust Zone 21 also available. All models are fully earth bonded and have an Anti-Static (conductive) vacuum hose and air supply hose. Every vacuum cleaner is individually tested and provided with its own test certificate for earth path continuity.

Typical Performance

Please note power requirement - Do you have sufficient Compressed Air to Spare?
