

CleanCare

Dry Vacuum Product Range 2022

Numatic

CleanCare

CleanCare brings **power, performance** and **reliability** to our commercial cleaning product range.

CleanCare Contents

Eco ReFlo Range	5-7
ProLine Contractor Range	8-9
ProVac Range	10-13
Sanitise Pro Range	14-15
NX300 Pro Cordless Network	16-23
Mains RucSac Range	24-25
Steel Top Range	26-27
MicroLine Range	28-29
Aircraft Range	30-31
Dry Big Capacity Vacuums	32-33
CleanCare Dry Accessories	34

The PBT230NX is equipped with our new NX300 36V Battery Technology, delivering 300Wh capacity with a market-leading 80 minutes of consistent, powerful cleaning, giving you more time to get the job done.

See pages 18-19 for details.

BUILDING on **Sustainability**

“ We recognise the need and **demand for sustainable cleaning solutions**, without compromising **productivity or quality.** ”

Our Sustainability Formula

Why ReFlo Technology?

Our ReFlo range is engineered from the highest quality, recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

ReFlo Technology uses post-industrial plastics from the automotive industry, which are diverted from landfill or incineration.

ERP180 **ECO Vacuum**

Made from up to 75% of the highest quality recycled plastic; equipped with our highest efficiency motor yet.

Delivering the same high-performance, high-quality and long-lasting Numatic results as always...

SUSTAINABLY Engineered

Engineered from the highest quality, recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

ADVANCED Efficiency

Equipped with our most advanced, high-efficiency, high-performance, long-life motor.

30% ENERGY Saving

Professional cleaning while reducing energy usage and cost.

BUILT to Last

Providing the same tough, heavy-duty Numatic construction as always.

HANDY Features

Easy-change plugged cable, on-board tool storage, convenient carry handle and top clip cable tidy.

ERP180

* Stated figure represents maximum use of recycled plastic in ReFlo Vacuum range, not including kits and accessories.

Comparisons for illustration purposes only.

Model	ERP180
Capacity (L)	8.0
Power Cord (M)	10.0
Motor (W)	420
Suction H ₂ O (MM)	1750
Weight (KG)	6.0
Power (Volts AC/Hz)	230 / 50/60
Cleaning Range (M)	26.0
Kit (see page 34)	AS0
Dimensions WxLxH (MM)	340x365x360

30% ENERGY SAVINGS

ANNUAL ENERGY USAGE

Using our 420W high-efficiency motor, the ERP180 Eco delivers powerful cleaning while reducing energy usage and cost.

EPR170 ECO Vacuum

A professional, powerful and versatile workhorse packed full of innovative features, for the toughest cleaning.

High-efficiency, powerful and professional cleaning results every time.

SUSTAINABLY Engineered

Engineered from the highest quality, recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

ADVANCED Efficiency

Equipped with our most advanced, high-efficiency, high-performance, long-life motor.

GREAT FEATURES for the Toughest Cleaning

Includes tough bumper for wall and door protection and large rear wheels for ease of transit.

COMPACT & Convenient

Equipped with a long cleaning reach, on-board tool storage and stores nearly away.

HANDY Cable Replacement

A unique plugged cable rewind system for quick and easy changing of cable, if damaged during use.

30% ENERGY SAVINGS

Environmentally Sustainable

Sustainably engineered drum and internal components made from the highest quality, recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

ReFlo Technology

ReFlo Technology uses high-quality recycled, post-industrial plastics from the automotive industry, which are diverted from landfill or incineration.

EPR170H ECO HEPA Vacuum

Certified HEPA13 filtration down to 0.3 microns at 99.95% efficiency.

Advanced HEPA13 Filtration

1 HEPA13 Filter Cartridge

Certified HEPA13 filtration down to 0.3 microns at 99.95% efficiency. Our most advanced filtration in the Numatic commercial vacuum series.

2 TriTex Filter

Traps fine dust within its high-efficiency, triple-layer construction.

3 Triple-layer HepaFlo Filter Bag

3-layers of high-efficiency filter material and unique self-seal tab, allowing for easy, clean and hygienic emptying.

PSP180/240/370 Compact & Convenient

The ProSave Plugged Range is packed full of great features and provides powerful, professional cleaning technology from a high-efficiency, long-life motor in a choice of 3 sizes.

POWERFUL Cleaning

Powerful and efficient cleaning technology from a high-efficiency, long-life motor.

COMPACT & Convenient

Packed full of great features, including a convenient carry handle, on-board cable storage, and handy cable replacement.

EASY CLEAN & Safe Emptying

High-efficiency, triple-layer HepaFlo filter bags.

GREAT FEATURES

for the Toughest Cleaning

Includes tough bumper for wall and door protection (PSP240/370) and large rear wheels for ease of transit.

STORES Neatly Away

On-board tool storage means tools are always to hand and neatly packed away.

PPR170 Tough & Professional

The PPR170 delivers the performance you need with advanced features for powerful, efficient and long-life cleaning.

Compact and convenient, while still tough and professional.

PPR170

On-board Tool Storage and Wand Docking

PPR170H HEPA

The PPR170 HEPA combines convenience and versatility with high-efficiency HEPA13 filter cartridge.

Delivering a certified HEPA13 standard of filtration down to 0.3 microns at 99.95% efficiency.

PPR170H

COMPACT & Convenient
Equipped with a long cleaning reach, on-board tool storage and stores nearby away.

GREAT FEATURES for the Toughest Cleaning
Includes tough bumper for wall and door protection and large rear wheels for ease of transit.

EASY, CLEAN & Safe Emptying
High-efficiency, triple-layer HepaFlo filter bags.

POWERFUL Cleaning
Powerful, efficient and long-life cleaning technology.

HANDY CABLE Replacement
A unique plugged cable rewind system for quick and easy changing of cable, if damaged during use.

Combi Floor Tool on Carpet

Combi Floor Tool on Hard-floor

12.5m Cable Rewind and Storage System

Advanced HEPA13 Filtration

- 1 HEPA13 Filter Cartridge**
Certified HEPA13 filtration down to 0.3 microns at 99.95% efficiency. Our most advanced filtration in the Numatic commercial vacuum series.
- 2 TriTex Filter**
Traps fine dust within its high-efficiency, triple-layer construction.
- 3 Triple-layer HepaFlo Filter Bag**
3-layers of high-efficiency filter material and unique self-seal tab, allowing for easy, clean and hygienic emptying.

The HEPA13 filter cartridge captures and traps fine particles, such as pollen, dust mites and pathogens, bacteria, reducing the risk of recirculation of these particles back into the environment.

High-efficiency, pleated glass media construction.

PPR240/370 The Perfect All-rounder

A professional, tough and versatile workhorse.

The ProVac Plugged Rewind is packed full of innovative features and a smile of course!

PPR370

PPR240

POWERFUL Cleaning

Powerful, efficient and long-life cleaning technology.

MORE CLEANING Productivity

Long cleaning reach with 12.5m cable, meaning less time unplugging and more time for cleaning.

HUGE Capacity

Less emptying with a capacity up to x8 bigger than many bagless vacuums.

BUILT to Last

Professional, tough and versatile workhorse full of innovative features.

STORES NEATLY Away

On-board tool storage means tools are always to hand and neatly packed away.

PPT220/390 Trolley Vacuum

An innovative trolley style vacuum design providing ease of handling and convenience.

Lift-off storage caddy for all your cleaning essentials.

Swing and Lift-off Caddy System

PPT220

PPT390

EASE of Transit

Large real wheels, telescopic pull handle and lift-off storage caddy.

INCREASE Productivity

Keep your cleaning products on-board and always on-hand.

MORE CLEANING Productivity

Long cleaning reach with 12.5m cable, meaning less time unplugging and more time for cleaning.

EASY, CLEAN & Safe Emptying

High-efficiency, triple-layer HepaFlo filter bags.

HANDY CABLE Replacement

NuCable system for quick and easy changing of cable.

NEW NSU370 **Sanitise Pro**

A high-pressure misting disinfection system, the NSU370 and RSU150NX Sanitise Pro range delivers 99.999% efficiency in inactivating and destroying pathogens.*

PRECISION Mist

Delivers a quick-drying (under 10mins) droplet, typically 65-75 microns in diameter onto surfaces.

HIGH POWER Pump

Powered by high-performance 15bar / 217psi fluid pump designed and engineered for extended use in commercial environments.

HUGE 5 Litre Capacity

Convenient and secure internal solution tank. Easy to fill and out of the way during use.

HIGH PRESSURE Vortex

On entering the lower-pressure ambient air, the high-pressure creates a vortex effect. This reduces particle speed, displaces pathogens and increases coverage across surfaces and touchpoints. High-performance, long-life stainless steel nozzle delivers consistent fine mist.

SAFER Cleaning

Minimise the risk of slips, trips and falls with no cable, making it perfect for day cleaning.

Working in conjunction with **TECCARE®** Antimicrobial Technologies

Whilst we recommend using TECCARE® Control, the Sanitise Pro System is fully compatible with disinfectant solutions based on Quaternary Ammonium Salts or Hypochlorous Acid using appropriate dilution levels. Use of other chemical / disinfectant solutions may invalidate warranty.*

*99.999% effective in inactivating and destroying pathogens when using complete Sanitise Pro System. System comprises NSU370 / RSU150NX Mist Unit applying TECCARE® Control Disinfectant Solution.

Please note: Do not spray electrical items such as computers, monitors or electrical sockets at close distances.

Model	NSU370
Capacity (L)	5.0
Power Cord (M)	10.0
Motor (W)	45
Flow (ML/MIN)	150
Droplet Size (MICRONS)	65-75
Cleaning Range (M)	12.0
Weight (KG)	7.2
Hose Length (M)	2.2
Spray Distance Optimum (CM)	100
Max Pump Pressure (BAR/PSI)	15 / 217
Dimensions WxLxH (MM)	360x370x510

NEW RSU150NX **Sanitise Pro**

With the ability to sanitise large areas, quick-drying mist and consistent results, the Sanitise Pro range provides a simple solution to many of today's cleaning challenges.

OPTIMUM User Comfort

A fully adjustable 5-point harness, providing complete comfort for any user.

STAY CLEANING For Longer

With a 6 hour runtime and 60 minute fast charge, the RSU150NX is always ready to go.

NX300 Network

With just one simple battery network, cleaning and swapping batteries between machines has never been easier.

HIGH PRESSURE Vortex

On entering the lower-pressure ambient air, the high-pressure creates a vortex effect. This reduces particle speed, displaces pathogens and increases coverage across surfaces and touchpoints. High-performance, long-life stainless steel nozzle delivers consistent fine mist.

EASY Refill

Removable tank for easy refill holds up to 5L of solution, delivering productivity of 1200m²/hr.

Model	RSU150NX
Capacity (L)	5.0
Weight (KG)	13.0
Motor (W)	45
Flow (ML/MIN)	140
Droplet Size (MICRONS)	60-70
Hose Length (M)	1.5
Tank Empty (MINS)	31
Battery Life (HRS)	6
Spray Distance Optimum / Max (CM)	100 / 200
Max Pump Pressure (BAR/PSI)	15 / 217
Dimensions WxLxH (MM)	330x330x570

The Next Generation of Battery Technology

numatic.com/NX300

NX300 Pro Cordless Network delivers professional level performance to a versatile and expanding range. Quicker, safer and more convenient, switching to Pro Cordless raises productivity levels, saving time and money.

Smart Safe Charge System

Built-in battery status and health check safety system. The SoH (State of Health) system monitors multiple parameters ensuring battery safety.

Maximum Energy Deployment

Delivering power from cell to machine with minimum power loss via high-quality welded nickel power rails.

Integrated Heatsink Casing

Quickly and efficiently cools the pack in use, optimising delivery of power.

Integrated Cooling Design

Keeping cool allows maximum power delivery, the clever NX300 pack design eliminates air pockets acting as an insulation transmitting heat directly out of the pack.

Integrated Handle

Quickly and easily hot swap batteries across the Pro Cordless Network.

NEW TTB3045NX

TTB1840NX

244NX

Enhanced ENERGY STORAGE

Research and development in cell chemistry and a newly developed x30 cell design delivers a 60% increase in available energy. The NX300 battery truly delivers on power with 300Wh of energy.

ONE FITS ALL Productivity

The convenience, safety and power of Pro Cordless, with reduced costs and lower maintenance from a single battery and charger system.

RUNTIME

Each product in the Pro Cordless Network is engineered to optimise the NX300 battery energy storage, providing the right balance of runtime and power for each cleaning task.

1 HOUR Fast Charge

Recharged to 80% in an hour* and ready to go for every product in the NX300 Pro Cordless Network.

COST Effective

Made for the long haul, the NX300 battery won't let you down, engineered and tested for commercial use delivering up to 2500 charge cycles.

* Higher ambient temperatures may increase charge time.

Quick and Easy Battery Change

Model	Weight (KG)	Battery Capacity (Wh)	Charge Time (HR)	Lifecycle
NX300	2.0	300	1 - 80% / 2 - 100%	Up to 2500

Power the Entire Fleet with NX300 Pro Cordless Network

More Time to Clean

Switching from corded to cordless reduces overall cleaning time every day, maximising productivity with no need to keep plugging and unplugging.

No Cable Trips

Safe and unobtrusive cleaning with no cable, making it the ideal solution to minimise the risk of slips, trips and falls.

Lower Energy Cost

High-efficiency cleaning delivers extended runtime, expanding commercial operation and applications with lower annual energy usage.

No Testing Required

No need for high-cost PAT testing on multiple corded machines when switched over to cordless.

Lower Noise

Minimising distractions and interruptions with lower noise levels compared to corded machines.

All Hours Cleaning

Combining total cordless freedom, powerful and professional cleaning results. Perfect for day cleaning and safe operation in public areas with high footfall.

NBV190NX/240NX, PBT230NX **Cordless Convenience**
Cordless cleaning with total freedom of operation and convenience with our cordless range, equipped with our new NX300 36V Battery Technology and 350W digital brushless motor.

Perfect for day cleaning and safe operation in public areas, increasing productivity and cleaning standards for all.

CLEAN for Longer

New NX300 36V Battery Technology delivers 80mins of consistent powerful cleaning.

PERFORMANCE You Can Trust

Our most powerful cordless motor yet, delivering a 40% increase in airflow and suction.

MAXIMUM Productivity

Combining total cordless freedom, powerful and professional cleaning results.

NX300 Network

With just one simple battery network, cleaning and swapping batteries between machines has never been easier.

SAFER Cleaning

Minimise the risk of slips, trips and falls with no cable, making it perfect for day cleaning.

NBV190NX

NBV240NX

Off-board Charging Station

NX300 Pro Cordless Network

The NX300 battery packs can be used across the growing Pro Cordless Network.

Quick and Easy Battery Change

Increased Productivity
 Recharge to 80% in just 1 hour, providing continuous non-stop cleaning.

Ease of Use
 Easy-reach carry handle and quick-release button for fuss-free battery change and charging.

Market-Leading Runtime
 Market-leading 80 minutes of consistent, powerful cleaning, giving you more time to get the job done.

Advanced HEPA13 Filtration

- 1 Triple-layer HepaFlo Filter Bag**
Advanced, 3-stage filtration system cleans and traps fine dust, including allergy triggers and pathogens, eliminating the risk of recirculation and exposure.
- 2 TriTex Filter**
Traps fine dust within its high-efficiency, triple-layer membrane.
- 3 HEPA13 Filter Cartridge**
Certified HEPA13 filtration down to 0.3 microns at 99.95% efficiency. Our most advanced filtration in the Numatic commercial vacuum series.

The Pro Harness offers enhanced operator comfort, increasing cleaning efficiency, capability and productivity, without any uncomfortable distractions.

RSV150 Mains RucSac

Compact, comfortable and convenient, the RSV150 goes wherever you go, making it the perfect cleaning solution for tight and awkward cleaning.

Providing an extra-long 15m cable and generous 5L dust capacity, there's less stopping to unplug and empty and more time to get the job done.

INCREASED Productivity
Lightweight and compact design providing powerful cleaning results.

HARD TO REACH Becomes Easy to Clean
Freedom to clean without limitation...an absolute must for cleaning in confined spaces.

OPTIMUM User Comfort
Convenience and safety with ergonomically designed comfortable harness.

CLEAN for Longer
With a huge cleaning range and extra-long high-visibility 15m cable.

LESS LEANING More Cleaning
Less stretching, bending down and twisting with the comfort harness, integrated waistbelt and instant on/off operation with simple integrated hand control.

RSV150H

NQS250/NQS250B All Steel Series

Incorporating an all-steel power head, long-life professional TwinFlo high-performance motor and patented MicroTec noise reduction system.

Built to last with the heavy-duty, all-steel construction to endure years of industrial use.

ALL-STEEL

BUILT to Last

Heavy-duty, all-steel power head.

POWERFUL & Efficient

Patented MicroTec noise reduction and TwinFlo motor.

IMPROVE Filtration & Cleanliness

High-efficiency, triple-layer TriTex filtration system, ensuring what goes in, stays in.

HANDY CABLE Replacement

NuCable system for quick and easy changing of cable.

OPTIONAL Blower

Blower facility and diffuser attachment. (NQS250B only)

NVQ240/370/380 Steel Tops

Featuring an all-steel head, the NVQ range not only provides exceptional strength, it's also quiet and efficient.

The NVQ power head incorporates our MicroTec noise reduction system and a TwinFlo high-performance motor with handy NuCable system for quick and simple cable replacement.

PPH320 Advanced HEPA Filtration

Advanced features provide exceptional filtration.

With HEPA13 MicroFilter – achieving 99.95% standard, down to 0.3 micron particle size.

ADVANCED Filtration

High-efficiency HEPA13 MicroFilter Module.

POWERFUL Cleaning

High-efficiency, high-performance cleaning with powerful, long-life motor.

MORE CLEANING Productivity

Huge 12L capacity, less time emptying, more time cleaning.

EASY, CLEAN & HYGIENIC Emptying

Engineered to clean, trap and retain fine dust during both vacuuming and emptying.

A TOOL FOR Every Job

Professional and versatile AS0 accessory kit with Stainless Steel tube set. (See page 32).

PPH320

Advanced filtration down to 0.3 microns at 99.95% efficiency

CRQ370 Cleanroom Filtration

Compact design providing professional specification and high-filtration.

With HEPA13 MicroFilter and all-steel motor power head construction.

ADVANCED Filtration

High-efficiency 5-stage pre and post-motor HEPA13 filtration conforming to ISO 14644-1 Class 5 cleanroom classification.

BUILT to Last

Professional specification with all-steel motor power head construction.

MORE CLEANING Productivity

Huge 15L capacity, less time emptying, more time cleaning.

EASY, CLEAN & SAFE Emptying

High-efficiency, triple-layer HepaFlo filter bags.

A TOOL FOR Every Job

Professional and versatile A1 accessory kit with Stainless Steel tube set. (See page 32)

CRQ370

Model	PPH320
Capacity (L)	12.0
Power Cord (M)	12.5
Motor (W)	620
Suction H ₂ O (MM)	2300
Weight (KG)	10.0
Power (Volts AC/Hz)	230 / 50/60
Cleaning Range (M)	29.6
Most Penetrating Particles Ref EN1822	99.950%
Kit (see page 34)	AS0
Dimensions WxLxH (MM)	335x355x465

H13 HEPA Filtration Module (EN1822)

Easy Replacement Plugged Cable System

Model	CRQ370
Capacity (L)	10.0
Power Cord (M)	10.0
Motor (W)	960
Suction H ₂ O (MM)	2300
Weight (KG)	11.5
Power (Volts AC/Hz)	230 / 50/60
Cleaning Range (M)	26.0
Most Penetrating Particles Ref EN1822	99.950%
Kit (see page 34)	A1
Dimensions WxLxH (MM)	355x355x485

Blower Facility and Diffuser

NuCable Plugged System

RSAV130 Aircraft RucSac

Designed to clean aircraft and clean them well.

The RSAV130 is built to last with tough construction and an exacting 400Hz standard of operation, suitable for most aircraft power supply systems.

INCREASE Productivity

Compact design providing powerful cleaning results.

HARD TO REACH

Becomes Easy to Clean

Freedom to clean without limitation...an absolute must for cleaning in confined spaces.

OPTIMUM USER Comfort

Convenience and safety with ergonomically designed harness.

LESS LEANING More Cleaning

Less stretching, bending down and twisting with the comfort harness, integrated waistbelt and instant on/off operation with simple integrated hand control.

EASY, CLEAN & SAFE Emptying

High-efficiency, triple-layer HepaFlo filter bags.

RSAV130

AVQ250/380 Aircraft Vacs

The AVQ is built to last with tough construction and an exacting 400Hz standard of operation.

BUILT to Last

All-steel, deep-drawn power head provides exceptional strength.

POWERFUL & Efficient

Patented MicroTec noise reduction system and TwinFlo motor.

EASY, CLEAN & SAFE Emptying

High-efficiency, triple-layer HepaFlo filter bags.

IMPROVES FILTRATION Cleanliness & Capacity

TriTex filter system provides enhanced filtration.

HANDY CABLE Replacement

NuCable system for quick and easy changing of cable.

AVQ250

AVQ380

Adjustable Cushioned Waist Strap

Perfect Working Position

Reduce Strain

Cool and Comfortable

Lower-back Support

Perfect Fit

Handy Tool Storage

Simple Height Adjustment

Breathable Mesh Panel

Adjustable Cushioned Shoulder Straps

Model	RSAV130

TriTex Filtration

290mm FreeFlo Floor Tool

NVQ570/NVDQ570 Industrial Power

Power and performance in industrial terms needs to be matched to long-life, reliability and user satisfaction.

The NVQs are ideal for numerous trades where they must frequently be moved from place to place while still requiring a large and generous working capacity.

NVQ570 / NVDQ570

UNRIVALLED Performance

Equipped with TwinFlo 2-stage industrial motor.

BUILT to Last

Heavy-duty Structofoam construction to endure years of industrial use.

POWERFUL & Efficient

AirFlo filtration directs movement of air to enhance cleaning performance.

HANDY Cable Replacement

NuCable system for quick and easy changing of cable.

EASE of Transit

Fitted with fully directional front castors and large rear wheels (900 model only) providing excellent mobility.

HepaFlo Dust Bag and AirFlo System

Easy Replacement Plugged Cable System

Structofoam

- ✓ Incredibly tough and long-lasting
- ✓ Hard-wearing and chemical-resistant
- ✓ Exceptional strength-to-weight ratio
- ✓ Lightweight and ergonomic structure

Cellular structure provides strength and flexibility

NVQ900/NVDQ900 Industrial Power

Large Handle

Complete freedom and ease of movement during transit.

Handle

Lift-off the head with ease when replacing dust bags and filters.

TwinFlo Motors

Equipped with our TwinFlo 2-stage industrial motor providing unrivalled performance standards.

2-Stage Filter

The 2-stage filter system allows for better filtration and capturing finer particles.

AirFlo Design

Efficiently directs movement of air through the vacuum increasing performance by more than 30% throughout the operating range.

NuCable System

Power cables can be changed without the need for an electrical engineer.

Tough Structofoam

Heavy-duty Structofoam construction used in both head and body for superb strength and impact resistance.

Large Rear Wheels

The large rear wheels provide excellent mobility over the toughest of surfaces.

Front Castors

Excellent mobility with fully directional front castors.

NVQ900 / NVDQ900

Large Rear Wheels for Excellent Mobility
