

Numatic International Ltd Specialised WVB750 Cordless Utility Vacuum

Product code; 906472 (230v) 24 volt Cordless Operation
SSP £1,824.75 + VAT

The WVB 750 Cordless Vacuum offers convenience where accessibility to a normal mains supply is limited or not possible or accessible for reasons of safety or logistics. The vacuums specifications from top to bottom are without doubt to the highest of standards, presented as a single motored 'simplex' option, giving an overall run time of 2.5 hours per full charge cycle.

Manufactured in Stainless Steel, each vacuum incorporates twin 56amp hour gel batteries and 'on board' charger system providing charge/use operation.

With a wet capacity of 22 litres (incorporating a drain hose) and a dry capacity of 31 litres (when used with a HEPA-FLO dust bag) each vacuum is more than capable when dealing with the most demanding of tasks.

Supplied with a full kit BS8, each vacuum is ready for use whatever the task.

Supplied
with 38mm
Accessory Kit

The WVB 750 carries the latest in technical compliance approvals, aimed at Workshop Utility Applications and forms part of a new range of improved products introduced by Numatic Specialised.
