

MOBI® Starter Kits

MOBI® SK09 TROLLEY KIT

The **MOBI®** Trolley kit is perfect for wheeling around your **MOBI®** vessel with ease, with a handle for pulling and a sturdy frame to keep the vessel in place when stationary.

Filled with demineralising resin, these filters produce instant pure water for applications where a spot-free rinse is required, such as cleaning glass, windows, frames, conservatory roofs, solar panels, etc.

SK09 STARTER KIT WITH 20 FT TELESCOPIC POLE INCLUDES:

- 1 **MOBI®** Roll DI Trolley filter filled with MB115 demineralising resin
- 2 GXTEL5200R **ECOLITE®** 5.2mtr glass fibre pole (or other poles optional)
- 3 20mtr of LITE5® hose tubing
- 4 **STREAMLINE®** Hi-Lo monofilament brush with 2 x pencil jets
- 5 AHA-H6 Hoselock hose connector
- 6 Hose kit to connect filter to mains tap
- 7 Hose kit to connect pole to filter
- 8 Handheld TDS meter to measure water quality

RECOMMENDED FOR...

The **MOBI®** Roll DI trolley system is recommended for commercial users situated in a soft water area up to 150ppm. Suitable to produce 8,000 litres of pure water at 100 TDS.
